Dear Jimmy,

This is the first time I haven't been busy at work this week! It is so much nicer in this new office, and about 10 times better having a lot of things to do. Nothing can be more depressing than sitting around bored. The time just drags. But there has so far been plenty to do around here.

I started my short-hand class last night.

It think its going to
be real good, and its
fun to go to. There is an
hour of class, an hour
of listening to recordings
and taking dictation,
and a $\frac{1}{2}$ hr. of study.

Mike and I are
going over to Sam &
Dick's house Sat. nite to
play bridge. Jeanie &
Art and Ruthie & Jack
will also be there. It
will be fun to witness
the big showdown!

You've probably heard
from Mom, too. It sounds
like they are having

alot of fun & that the
plane ride was nice.

Well, Mike should
be here pretty soon
to pick me up, so I'll
write later.

Love,
Mary
